### **RELM Wireless Awarded Radio Service Contract from United States Forest Service**

**WEST MELBOURNE, FL, May 22, 2007** – RELM Wireless Corporation (Amex: RWC), a leading manufacturer of high-specification two-way communications equipment for use in the public and private sector, today announced that it has been awarded a contract to service two-way radio products for the United States Forest Service (USFS). The contract provides for an initial base period extending from May 17, 2007, through the end of the federal fiscal year on September 30, 2007, and for two one-year extensions at the option of the USFS. The contract does not specify firm service dates or quantities. Accordingly, the ultimate value of the contract is not established, though the initial base period of 4.5 months is estimated at \$200,000.

David Storey, President and Chief Executive Officer of RELM Wireless, commented, “We are very pleased to have been selected for this contract by the USFS, and to extend our longstanding relationship with this important agency. Men and women of the USFS depend upon our products in life-threatening circumstances. We will maintain the high-quality service that the USFS, and all our customers, have come to expect. We strive to establish RELM as the company of choice for federal emergency-response radio communications, and welcome this opportunity to further strengthen our position within this niche. We will work to ensure that the full potential of this contract is realized.”

#### **About RELM Wireless**

For six decades, RELM Wireless Corp. has manufactured and marketed high-specification two-way communications equipment for use by public safety professionals and government agencies, as well as radios for use in a wide range of commercial and industrial applications, including disaster recovery. Revolutionary advances include new interoperable, low-cost digital two-way radios compliant with APCO Project 25 technical specifications. Products are manufactured and distributed worldwide under BK Radio, RELM/BK and RELM product lines. The company maintains its headquarters in West Melbourne, Florida, and can be contacted through its web site at [www.relm.com](http://www.relm.com) or directly at 1-800-821-2900.

*This press release contains certain forward-looking statements that are made pursuant to the “Safe Harbor” provisions of the Private Securities Litigation Reform Act Of 1995. These forward-looking statements concern the Company’s operations, economic performance and financial condition and are based largely on the Company’s beliefs and expectations. These statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors and risks include, among others, the following: reliance on contract manufacturers; heavy reliance on sales to the U.S. Government; federal, state and local budget deficits and spending limitations; limitations in available radio spectrum for use by land mobile radios; general economic and business conditions; changes in customer preferences; competition; changes in technology; changes in business strategy; the debt and inventory levels of the Company; quality of management, business abilities and judgment of the Company’s personnel; and the availability, terms and deployment of capital. Certain of these factors and risks, as well as other risks and uncertainties, are stated in more detail in the Company’s Annual Report on Form 10-K for the year ended December 31, 2006 and in the Company’s subsequent filings with the SEC. These forward-looking statements are made as of the date of this press release, and the Company assumes no obligation to update the forward-looking statements or to update the reasons why actual results could differ from those projected in the forward-looking statements.*
